I, Jerome S. Marger, the disclaimant herein, represents that I am the attorney of record for the above-captioned application. The extent of the Applicant's interest is in the whole of the invention.

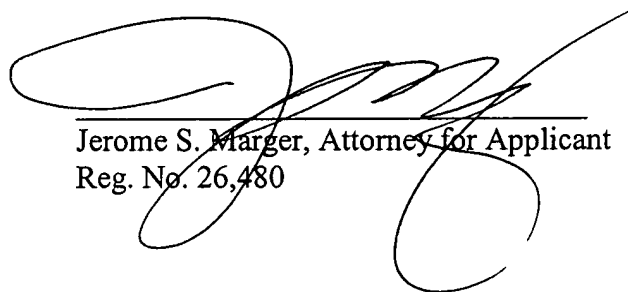

The disclaimant hereby disclaims the terminal part of any patent granted on the above-identified application, U.S. Serial No. 08/797,770, which would extend beyond the expiration date of the full statutory term of US Patent Number 6,110,212 granted on August 29, 2000; and

It is hereby agreed that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to US Patent Number 6,110,212 granted on August 29, 2000, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantor, its successors or assigns.

The fee prescribed under 37 CFR 1.20(d) has already been submitted, however, any deficiency or overpayment should be charged to deposit account number 13-1703.
